INTRODUCTORY

The aim of this work is to give a complete and accurate index to the public and private educational system of the United States. The information has been thoroughly revised to date, and before final printing of the book, proofs submitted to the various school officials for final revision and correction.

In the main Geographical Classification, in addition to the public school officials, will be found a complete list of all schools and colleges, together with information as to the kind of school, class of students admitted, religious denomination, year established, and the name of the governing head of the institution. A second complete list of all institutions is given in the Classified Directory in which the schools are arranged alphabetically by states, classified according to the kind of school, giving a ready reference or complete list of any particular class of institution, together with the names of the executive officers. A complete Alphabetical Index of all schools and colleges will be found at the back of the book from which any institution may be instantly located.

The Public School System is fully covered by lists of the state educational officials and county superintendents of schools, the city boards of education, city superintendents, public high schools and principals, and the directors and supervisors of special subjects. A list of the more prominent Libraries with the name of the librarian and number of bound volumes, is included in the present volume. An Educational Business Directory is also given, which will be found

of much value to the school executive as a convenient and ready reference list of reliable manufacturers and dealers supplying every known need of the school and college.

It is believed the work will be found of value to every one in any way associated with educational institutions, or engaged in educational work. Acknowledgment is made to the various State and City Superintendents of public instruction, private school officials, librarians and others for their kind co-operation and assistance in furnishing data and information necessary for the completion of the volume. While no labor has been spared in the effort to have the work as accurate as possible at the time of going to press, continual changes necessarily preclude absolute accuracy.

School officials, librarians and others will confer a favor by notifying us of changes, and by calling our attention to any inaccuracies or omissions in any department of the work.

SCHOOL TEXT-BOOK COMMISSION

Public school text-books are required by state law to be furnished free by the several towns. There is no State Text-Book Commission and no state uniformity of text-books.

STATE TEACHERS' ASSOCIATION

COUNTY SUPERINTENDENTS OF SCHOOLS

Maine has no county superintendents of schools, but has what is known as the "Union Systems" of school supervision. The towns and cities of the state, of which there are 517, are combined into groups by the State Commissioner of Education, and the members of the school committes of the towns in these groups elect one person to serve as superintendent of schools of the group or union, devoting his whole time to that work. The only exception to this arrangement is in the case of towns or cities having more than seventy-five teachers. These are allowed to elect a Superintendent of Schools to serve that town or city alone.

SUPERINTENDENTS OF SCHOOLS

Ve rmont has the town system of schools. The schools of the state are chiefly under the direction of superintendents who give their full time to this work. Any town or city may elect a town superintendent or may combine with other towns in a supervisory district. The superintendents of these districts are elected by the local directors subject to approval by the State Board of Education.

NORTH CENTRAL COLLEGE is a liberal arts college, Christian, but not sectarian. It has the highest rating from the University of Illinois, the North Central Association of Colleges, and the Association of American Universities. It enrolls approximately 500 students from twenty states and several foreign countries. It is ideally located at Naperville, Illinois, on the Burlington Railroad and U.S. Route 34 and Illinois 65, twenty-five miles west of Chicago. Its equipment is superior: a million-dollar endowment, 50 acres of campus and playing fields, fine library, wellequipped science hall, beautiful and commodius chapel-music building, attractive dormitories, and one of the finest physical education buildings in the middle west.

North Central offers a standard B.A. course with majors in twenty departments; semi-professional four-year courses in Commerce and Physical Education; courses for Teachers, entitling graduates to certificates in Illinois and other states; pre-professional, two to four-year courses of high grade in Medicine, Dentistry, Law, Theology, and Engineering, entitling students to a B.A. degree after three years at North Central and one year at the professional school, thus saving one year; standard courses in Music, leading to degrees of Bachelor of Music and Bachelor of Music Education.

Expenses are exceptionally moderate. There are scholarships for first honor graduates of high schools, ministers and ministers' children, and children of World War veterans.

North Central welcomes especially students of superior ability.

ART IN INDUSTRY

Some years ago, demand for an artist's skill was confined chiefly to portrait and landscape paintings. artists achieved financial success.

That is not true today. Advertisers, magazines, newspapers and publishers spend millions yearly for illustrations. Industry, realizing that design and color influence sales, employs artists to design many of its products. The demand for artistic skill has increased many fold because of public demand that merchandise be not only serviceable, but also good looking.

The Federal Schools, affiliated with a large art, engraving and printing organization, has trained many young artists now capable of earning from \$1000 to \$5000 yearly as designers or illustrators. Its Home Study courses in Commercial Art, Illustrating and Cartooning contain exclusive illustrated lessons by many famous artists. Practical instruction by experienced men is the reason for its many years of outstanding success. Courses sold on easy monthly payments.

Free Drawing Ability Test sent on request. Also book describing the training and outlining opportunities in the art field.

PREAMS, ambitions, beget careers. The stenographer dreams of secretaryship—the shipping clerk of traffic management—the bookkeeper of C. P. A. success—the salesman of being a sales manager — the machinist of becoming works manager — the typist of court reporting — the department head of a general managership —

And all such dreams La Salle home-study training has already helped close to a million men and women realize . . . as they could not have done in any other way! For thirty consecutive years, La Salle has specialized in thus equipping ambitious adults, in their spare time, to win success in higher business vocations.

Today, the name "La Salle" is linked with many impressive proofs of training leadership. To its credit are nearly ten per cent of all C. P. A.'s and degree-holders in the United States and Canada—lawyers in practice in every state—thousands of successful accountants, credit managers, salesmen, foremen, correspondents, office managers, traffic managers, and stenotypists—students through the U. S. and Canada, and in 67 other countries . . literally, a worldwide record of training achievement!

To the ambitious man or woman "in a rut" anywhere, La Salle offers expert guidance towards finer goals, larger earning power. Training is complete; the investment small; the results of lifetime value.

Literature on any La Salle Training subject will be gladly sent on inquiry — without obligation.

EDUCATIONAL DIAGNOSIS and TREATMENT

Suppose a child is maladjusted to the regular, traditional, academic school program. The school psychologist, and educational and vocational counsellors, agree that the child needs the core curriculum, plus certain individual courses. Suppose the school system does not provide such instruction? Should the counsellors advise a different course of study?

This is no problem to those school systems that use the I. C. S. High School Cooperative, or Benton Harbor, Platt³06 Supervised Correspondence Study, now in its fourteenth year of successful operation. Any school under this plan can start with one pupil as well as a group. It is simple and flexible. Any of the hundreds of I. C. S. courses, prepared by leading authorities, is available for use by one or any number of pupils. A member of your local school staff supervises the entire operation of the plan. Texts are furnished by I. C. S. Expert instruction, relieving the supervisor of all details, is provided by I. C. S. Our contact with the student is maintained only through this local supervisor. Thus the education of the student is always under the control of local school authorities. The per pupil cost under this plan is surprisingly moderate, and many schools report actual savings.

Over 400 courses, including some 1800 different subjects, are available to help your school system meet individual pupil needs for courses.

Complete information on the I. C. S.-High School Cooperative Plan of Supervised Correspondence Study, and comments on it by prominent educators will be furnished you upon request. When you ask for this information you incur no obligation.

BULLETIN BOARDS, CHANGEABLE

These boards are being made in several different types. In one type the letters, which are die cut, can be had in various sizes and colors and these letters are held on to the board by tabs which fit into slots. Another type uses letters which are printed on individual cards and which fit into slides in the board. Their usefulness lies in the ease with which bulletins may be changed or altered at will.

CARD INDEX SYSTEMS

Card indexes are used in schools for rec-ords of all kinds for the student, library, laboratory, and office. Just what system will be found preferable for each use will depend to a considerable extent on the information required and the size of the card used, as well as the amount of usage the file will receive. Where constant and frequent reference is required, a visible system may often be used. See, also Filing Equipment.

DEODORIZERS

This equipment is a means of destroying bad odors in a room or building. Some of the types actually spray a deodorizing chemical into the air, while others allow the material to evaporate and mix with the air in the room. They are especially valuable in large school assembly rooms where there is danger of the air becoming stale.

For the interior lighting of schoolrooms. the Benjamin "Type 79" Glassteel Dif-fuser is admirably adapted. It provides excellent distribution of light for general illumination, and is

Night photo of the Ashland College athletic field, Ashland, Ohio, lighted with Benjamin Concentrating Type High Mounting Units Notice remarkably uniform level of illumination throughout the playing area.

IKE miniature golf, tennis, baseball, etc., high school football has entered the realm of nighttime sports, and now parents, too, can attend the games.

Philosophically, this development in high school athletic gamaes means more enjoyment for more people, since the leisure hours of most adults are confined to the evening.

Installation of equipment is merely a matter of days. The cost of current is negligible, and Benjamin equipment pays for itself in a short time by the increased attendance.

Benjamin equipment meets the needs of the various types of athletic fields. Write for data sheets.

FENCES, SCHOOL

In addition to added property protection and ornamentation, fencing the school yard and playground will be found a wise precaution for safeguarding school children. A substantial fence and gates keep the children within bounds, bar intruders at all times, control admission, and lessen the burden of supervision. Special fences are likewise essential for the tennis court, campus, and athletic field.

Food Supplies for Educational Institutions

The institutional buyer demanding value insists that to have value quality must be maintained. This uncompromising attitude has resulted in careful and scientific analyses. It has developed a fine appreciation of the economy of better foods. Better foods mean increased efficiency and more satisfied guests and pupils.

Fifty years of specialized service in the supply of Hotels, Restaurants and Institutions has enabled us to know something of the problem confronting institutional buyers. Out of this knowledge and cooperation, we have evolved an assortment of foods particularly suited to their individual requirements. Our Edelweiss label has become the symbol of fine foods economically packed.

Sexton special quotations are mailed each month to the institutions of America and offer the very latest values on merchandising suitable to the particular requirements of the exacting clientele serviced by Sexton. Wherever close and intelligent buying prevails, our prices are received with interest. Please write us if you are not receiving them.

P. O. BOX-JS, CHICAGO

66 IMLAY ST., BROOKLYN

If you went into the finest garden and selected the vegetables to serve your pupils you could find no better than those which come to you packed under the Edelweiss label. Each vegetable distributed by Sexton is selected where soil and climate are best suited to its perfect production. Picked at just the right time, and packed on the spot, they reach you retaining all the vitamin value, full flavor and succulence of the fresh vegetable.

All of Sexton's Canned Fruits are equally delicious. All are allowed to completely ripen in the sun before being picked. Each fruit is obtained from the locality where it grows best—and then only the choice of the crop is taken. Packed in No. 10 tins, the container most economical for school cafeteria use.

Among other Edelweiss Foods particularly popular with school cafeterias are: Individual tea, cocoa, gelatine dessert, chocolate pudding, peanut butter, macaroni, spaghetti, canned fish, paper napkins and paper specialties, Edelweiss No. 10 cans soups, dried fruits and tapioca.

Delicious Edelweiss preserves, jellies, marmalades and fruit butters, made in Sexton's Sunshine Kitchens, are of excellent quality because the materials from which they are madeselected fruits and cane sugar—are the finest obtainable. They are made with great care, in small quantities, giving them the beautiful color and the delicious appeal of home made preserves. In our Sunshine Kitchens we also prepare a complete assortment of pickles, relishes and condiments of quality. Edelweiss quality mayonnaise dressing, catsup, mustard and chili sauce packed in handy gallon glass bottles.

LATHES

Lathes for school shops are of two types; those for metal working and those used in the woodworking courses. The metal-working lathes used by schools include the speed lathe, the engine lathe, and the turret lathe. The engine lathe is probably the most used since all work such as turning and screw cutting is done on it. The turret lathe which is used for multiple operation work will be found only in schools teaching advanced machine shop schools teaching advanced machine shop courses. The speed lathe is used almost exclusively for small operations such as polishing, etc.

MICROSCOPES

Microscopes for school work have considerable variance in quality and precision depending entirely upon the work for which they are to be used. They can be secured lacing a magnifying power from thirty or less diameters up to a thousand diameters. In the simple indexocope a single convex lens, between the eye and the object, forms an enlarged image. In the compound microscope an object glass or objectic, near the object, forms a real image, which is viewed by the observer through a magnifying eyeplece. Either sugestive or explect, or both, may be composed of more than one lens.

PHOTO-MURALS For Unique Wall Decoration

The science and art of photography have created a new, beautiful and practical form of wall ornamentation that is particularly adaptable for the decoration of schools and colleges.

Anything that can be photographed can be made the subject of a photo-mural—exterior and panoramic views of your buildings and grounds, original drawings, old prints, etc.

Photo-mural decoration brings to you a new medium of interior decoration, available in sepia

or hand colored in oils, that creates atmosphere and will harmonize with your established decorative scheme

Photo-murals make admirable and artistic memorials of distinguished service. Suggest them to your friends and alumni.

The Copley Prints

are particularly adaptable to this type of decoration such as Ab-bey's Holy Grail, symbolizing the never-ending crusade of civilization for the Triumph of Right over Evil.

STATUARY

Statuary furnishes educational and illustrative material for several departments, from ancient history to art, and it serves a practical use when given to the schoos as a memorial from classes and organizations. Very good reproductions of well known "originals" are furnished in marble bronze, or composition. When determining the material from which the status shall the material from which the statue shall the material from which the status snar be made, purchasers should consider the usage to which it will be put, whether it will be a feature of the exterior or inte-rior of the school building, and whether it will be used as subject matter for ar-or other classes.

WINDOW SHADES

In the lighting of the schoolroom, much care should be exercised in the control of daylight through the use of proper shades. Shade cloth should be used which will tone the light to give eye-comfort, and bar out injurious glare. A good shade cloth will not crack, wrinkle, or show pin holes with usage.

The Victor Interval Timer

measures any interval of time from 15 seconds to 2 hours

Warns "TIME IS UP"

DOMESTIC SCIENCE—CHEMISTRY—PHYSICS—ALL LABORATORY CLASSES WHERE CORRECT TIME ALLOTMENT IS AN IMPORTANT FACTOR, FIND THIS TIMER A NECESSITY

The Santa Rosa High School says:

"The Interval Timer which we received from you recently is more than you claim for it. We use it several periods a day for our typing students and the teachers are enthusiastic in praising it—emphasizing particularly the freedom it allows them to carry on their other work while the classes are pursuing the five, ten, and fifteen minute tests. We can't understand how we got along without it thus far."

NOT A CLOCK—The mechanism is designed solely for the purpose of measuring any given time period within the range of 15 seconds to 2 hours, and sounds alarm at the expiration of that interval. The absence of complicated gears results in simplicity and sturdiness.

WHAT IS IT WORTH TO YOU.

To know that the stage requirements of your auditorium will be thoroughly understood; that the same genius which created practically all the outstanding developments in stage equipment and rigging during the last quarter of a century is applied to the problem of originating equipment for your individual stage.

A ND to know also that all equipment installed is guaranteed and will maintain its initial efficiency throughout the period of its use.

THE value of such service cannot be measured or compared. Yet, it costs nothing. For in PETER CLARK, INC., installations you pay only for the equipment and the cost of installing it.

PRODUCTS: Complete Stage Rigging for Schools, Colleges, Auditoriums; Stage Hardware; Asbestos, Fire and Sound-proof Curtains; Draw Curtain Tracks; Electric Curtain Machines; Portable Motion Picture Booths; Portable Bleachers; Sectional Grandstands; Stage Draperies and Curtains.

Jacobsen 4'Acre Power Lawn Mower

Beautiful School Lawns At Lower Cost

WELL kept school lawns, buildings and equipment are important in moulding the ideals and habits of the student. There is a Jacobsen model for every lawn, large or small.

The Jacobsen 4-Acre Heavy Duty Mower is used by the largest colleges and universities. With or without riding sulky it will cover more ground per day than any other mower of same size, and with a lower upkeep cost than any other walking-type power mower. It has a 24-inch reel, an enclosed gear drive, auto-type differential, separate clutch control

of traction and cutting unit, self-sharpening reel and other outstanding refinements. A Sickle-Bar clipping attachment may be had which clips dandelions and other weeds at the same time the lawn is mowed.

The "Junior" Power Mower is a quality Jacobsen Product with a 19-inch cutting reel. Suitable for moderately large lawns—particularly efficient on terraces.

Consider these exquisite matters

Wondrous fruits, tender as rose petals — fruits plucked at the precise moment in which they attain their dew dappled perfection. Sealed in their neat containers in bright clear syrups without loss of even a whisper of their field-fresh flavor.

Such are Richelieu and Ferndell and Batavia fruits—selected and prepared to epicurean standards and priced to average pocketbooks.

Vegetables saturated with the freshness of fragrant fields at dawn, with flavors that send little ripples of "Oohs" and "Ahs" coursing around the dinner table—so incomparably fine that we contemplate them with reverence.

You will find more than 500 different Richelieu and Ferndell and Batavia foods—each one identical, no matter which label you buy them under. Each one prepared from our own special recipes, using only the very finest varieties of each fruit and vegetable and ingredient.

150 Pounds CRANE VALVES 2500 Pounds Pressure

School men should consider pennies by saving vs. dollars by economy

It is shortsighted to lavish equipment on one department at the expense of another. But how much economy will plumbing and heating stand? Certainly by purchasing inferior materials efficiency is not only lowered, but the health of children is endangered. Then, too, it is an experiment that is paid for by increased maintenances, costly repairs and expensive replacements.

Crane engineers have studied this problem. They are prepared to offer a solution to it . . . to lower the cost of plumbing and heating systems without endangering either efficiency or the building budget. Already they have done it for numberless schools throughout the country. If you will drop into the nearest Crane Exhibit Rooms, you will be shown how they can do it for you.
